## The Dimmer VIEW

By MAX GOODWIN

The Lemon Grove Paradeo was all it should have been as far as I'm concerned. For a first-time effort it had lots of class... far more than its older counterparts. A sour note was sounded when the sorry Dan Diego Arizona Eastern once-in-a-while railroad decided to move its freight cars during the height of the parade.

The parade wasn't too long, neither was the SDAE freight, so you'd think the engineer, out of respect for an all-out community project, could have held off his switching for five minutes. Instead he tooted through the procession with the same disdain operators of the road have shown for this community since I first saw the creak-and-groan operation blocking our main thoroughfare.

If youngsters (who will grow to be freight users) have lost their enthusiasm for becoming engineers, and with it a big hunk of good public relations for railroads, it certainly must be because of such rude acts as this on the part of railroad whistle-jerks whose bodies have matured faster than their minds.

So they get this guy up on the stage in the presence of more than 400 persons. They introduce him as the president of the Lemon Grove Swimming Pool Association; and as spearheader of the hard hitting team which sold tickets to all and sundry at \$1 a copy with a brand new auto going to the lucky ticket holder.

Into the limelight stepped Francis "Frenchy" Faucher, Lemon Grove postmaster and intrepid toiler for a local swimming pool. His path was embossed with the glory of a successful promotion... nearly a thousand bucks of gravy on the project was already safely stashed away in the Association's bank account.

Cheers and applause greeted this worthy. "Let's have someone who cannot read or write," they demanded. "This is the way to have a fair and square drawing."

Little 4 year old Terry Shea was ushered onto the platform. The barrel turned slowly, mixing the ticket stubs as it had for the past 24 hours. The little girl finally shoved her hand into the aperture and pulled forth a ticket stub. She handed it to Faucher who passed it on to Lee Clapham, the announcer. As he handed it up, Faucher got a glance at the name. He blanched. "This is terrible!" he said to those nearby.

## 20,000 Persons See Grove Paradeo

By DICK HENDERSON

"I love a parade" was a popular song a couple of years ago. Still goes good in some sections, including Lemon Grove.

Chief items of interest to this scribe in last Saturday's Paradeo were the beautiful women and the beautiful horses that curved and pranced. If it were not the correct thing, and "ladies first," the motto for all gentlemen, I would mention the horses first. I guess I'm just a country boy at heart, and love horses.

The horses ridden by their owners was the finest aggregation of thoroughbreds it has been by good fortune to see, and the silver trappings on the Palominos were valued into the thousands of dollars.

Walter Church and his three black and white pintos, with black trappings, were a sight to behold. Two ladies rode alongside Walter, but my eyes were on the equines.

The parade, scheduled to start from Massachusetts and Broadway at 1 p.m. was right on time, with two "highwaymen" (Patrol), making a trip over the route to clear the way for the parade.

Marines, 4, on horseback, with the colors, were up in front.

Bob Turnbull, Grand Marshal, in lonely grandeur, and wearing a coat—Gosh, he looked hot and bothered—waved languidly.

Three sailors in whites, walking abreast, but not parading sloshed along, finally sitting down under a tree near George

As big and grand as advertised, the Lemon Grove Parade, Rodeo, Fiesta and Barbecue provided a pleasant interlude on a hot and sultry July week-end last week.

Eighty four units made up the mile long parade which got under way at 1 p.m. Saturday exactly as scheduled. The parade lasted a good hour and pleased some 20,000 spectators who observed it as it wended its way east on Broadway.

Friday evening, the night before, approximately 400 square dancers and 1,500 spectators converged on the market parking area for a free community square dance. More than 25 prizes were given by door prize drawing. This event was sponsored by the Lemon Grove Boosters under the direction of Jim Spears, automan, who said more free dances would be forthcoming. Little Leaguers operated a soft-drink stand and profited for the league.

The rodeo, approved by Cow-boys Association of America, provided top cowboy entertainment. Each of two days the following events were run off: Team Roping, bareback riding, bull riding, bronc busting, calf roping and bull-dogging.

The Lemon Grove Jaycees, sponsors with the Senior chapter of the parade and rodeo reported that rodeo receipts totalled a little more than \$3,000. Cost for the show was \$2,900. Profit, if any is to come, will be on \$1,600 worth of beer sales gurgled during the two hot days.

The rodeo programs from which a profit was expected, cost approximately \$1,800 or just about the receipts from advertising.

Glady's Kranch, secretary of the Chamber of Commerce said that she had more than 1,000 rodeo programs left over. They are suitable for sending to folks back home, she said, and would be given on a first-come-first-served basis till they are all distributed. They are available at the Chamber office in the Grove Theatre Building and are free.

The Men's Club of St. John of the Cross said that attendance was less at their project, the fiesta and barbecue, than last year. An additional difficulty arose when a utility transformer burned out completely darkening the fiesta near its 9 o'clock peak Saturday night.

An automobile on which the Lemon Grove Swimming Pool Association had been selling tickets for four months was won by, of all people, the president of the Swimming Pool Association. He is Frenchy Faucher, 7480 San Miguel, local postmaster. More than 400 people were present Sunday night at 8 p.m. when Faucher turned the crank of the giant drum in which approximately 3,500 ticket stubs had been deposited. Little Teresa "Terry" (Continued on Page 10)

Rodeo week-end led off with free square dance Friday night. More than 500 persons took part in the dancing. Dozens valuable prizes were awarded to lucky ticket holders. Event was given by the Lemon Grove Boosters.

Saturday's parade was the biggest and best ever held in Lemon Grove. Estimated 20,000 persons lined the parade route. While emphasis was on the rodeo theme, considerable ingenuity cropped up in local floats. Example: LG Kiwanis Club with a giant letter "K".

## SMART CHARGES EL CAJON PAPER WITH MISQUOTES

Earl Smart, president of the Lemon Grove Chamber of Commerce charged that the El Cajon Record had misquoted vice president Ted Skelley, and was otherwise incorrect in reporting action of the Chamber of Commerce Board of Directors regarding an economic survey scheduled to be made soon under the sponsorship of the chamber.

Smart said that Skelley had assured him that statements threat-

ening removal of certain officers had not been made. Smart said the erroneous yarn sprang from the reactivation of the Development Committee under Dr. Robert Swenson. Dr. Swenson has a reputation for getting things done, Smart said. "This will bring the committee up to full operation status." The reactivation motion had set July 19 as the deadline for taking steps to activate the plans. Full responsibility, Smart said, still rests with the Development Committee for getting the economic survey into being after which a study will be made to see whether incorporation, annexation or status quo is the most feasible means of community government.

Smart said the action was a motion which was made and seconded and passed July 2. It read, "Motion made by Ernie Newton, that if by noon of July 19th no action was taken by the Development Committee, the President be directed to contract with the Los Angeles Municipal Research Bureau for an economic survey."

## TWO GROVE DOCTORS ON HOSPITAL EXECUTIVE STAFF

Two Lemon Grove doctors were named as officers of the Grossmont Medical Staff last week.

Dr. George Brassington was appointed to the executive committee and Dr. Simon Brumbaugh was appointed secretary of the department of general practice committee.

## JOE MACK TO GIVE MEN'S CLUB TALK

Jacob Dekema, District Engineer for the California Division of Highways told the Men's Club Friday that the Lemon Grove Freeway would eventually sweep off to Highway 101 near the bay through Lemon Grove, El Cajon and continue to Yuma with the urban section enjoying full freeway standards. The project has not been mapped yet but would be as soon as funds become available he said. It may be several years before this end of the freeway gets financial attention, Dekema admitted.

Joe Mack, San Diego County Road Superintendent and Surveyor or will be speaker this week, William Parker, president pro-tem said.

Parker said that an election of officers would be held at this meeting prior to Mr. Mack's talk.

## 'Kidnap' Victim Willing She Admits

Deputy Sheriff Robert Majors said this week that a report of a kidnapping of an 18 year old girl was not a kidnapping at all.

The young lady said she was forced into a car while walking to church in Spring Valley. She said she was driven several miles along Highway 94 but was able to struggle free and jumped from the car when it slowed down.

A passing motorist, F. V. Thomas, of Spring Valley, took the girl to a Jamul cafe and the Sheriff's Office was notified.

Two of the men, the girl reported, were in their 20s, while the third one was somewhere in his 50s. She said that in her es-

Fiesta part of the event featured such things as Country Store, Ham Toss and Panda Wheel. A pit-barbecue dinner topped off activity. These events attracted an estimated 30,000 persons during the two day run. —Photos by Tappy

## 'Rife Day' Set For Hi 12

William "Bill" Rife, 2040 Dayton Street, is to be speaker Thursday (July 18) at the Mt. Helix Hi 12 Club which meets at noon at Michaels. It will be "Bill Rife Day" at the Club.

Rife is past master of Lemon Grove Masonic Lodge and is the present secretary for San Diego Scottish Rite bodies.

Max Goodwin is program chairman.

☆ The Second San Diego County Aqueduct would be 104 miles long, with San Diego County building 61.1 miles of it at a cost of \$35 million.

## Local Demos Call For No More Bomb Tests

El Cajon (Spcl.)—Republicans and Democrats alike were called upon Tuesday night to unite in supporting efforts to suspend super-bomb tests by Alan Cranston, president of the California Democratic Council.

At a joint meeting of the El Cajon, La Mesa and Lemon Grove Democratic Clubs held at Balantyne School in El Cajon, Cranston said, "Democrats must resist any temptation to oppose a sound plan emerging from the current London talks simply because it was negotiated by a Republican, and Republicans must resist the temptation to oppose it because the negotiator happens to be Harold Stassen."

"All citizens, regardless of party, should back any plan that provides insurance that there will be no secret bomb-tests by the Soviet Union or any other nation," he said. "Only then can we be certain that unknown numbers of our children and their children will never have to pay a price in lives for the race to super-bomb supremacy."

GROUND BREAKING — Ground is broken on the site of the St. Sophia Catholic Church on a knoll overlooking Campo Road west of Casa d'Oro.

The church property consists of 12 acres on the north side of the road and bids have been called for the grading. When the \$500,000 church building is completed there will be a church, a rectory, a parish hall, school and convent.

The Rt. Rev. Msgr. Owen Hannon, V. F., Dean of the San Diego Deanery is shown with the Very Rev. Msgr. Richard R. Daniels (right) pastor of the new St. Sophia parish at the ground breaking ceremony.

George Lykos is architect for the project.

## BRYDEGAARD NAMED HIGH SCHOOL DISTRICT ARCHITECT

Architect Herluf Brydegaard, designer of the low cost (\$11 per square foot) Mt. Miguel High School was chosen as architect for the Grossmont High School District's 3 and one half million dollar building program.

Major item will be the \$2½ million Lakeside High School for 2,000 students to be built at Cactus Park. This school will be ready in September 1959. This plant will reduce overloads which will occur at Grossmont and El Cajon Valley High.

The proposed building program recently approved by the Board will provide the following for Grossmont High: Administrative Offices, Boys' Shower and Locker Rooms, Auto Shop, a Library-Classroom unit and expansion of classrooms for instrumental and choral music. The construction cost for the facilities at Grossmont High has been estimated at \$843,750 including site development, furniture and equipment and architect, tests and inspection.

Financing for the building will come via an election tentatively scheduled for October 15. This would involve \$2 millions in bonds and a \$2½ million state loan. Such an issue, if successful will reduce the tax rate for building finance from 63c to 45c according to Lewis Smith, district superintendent.

☆ Alfred M. Gruenther, General, retiring Supreme Allied Commander in Europe:

WHOSE FACE WILL IT BE?—The beauty spot of this year's California State Fair and Exposition, August 28 through September 8, will be the face of the 1957 Maid of California. She will be selected from the scores of beautiful girls whose names are being entered daily in the traditional statewide contest to pick the reigning queen of the West's greatest show. Flanking the form of the Maid to be chosen are two previous winners, Lorna Anderson of Sacramento at left, who went on to become Miss California this year and will represent the state in the Miss America Pageant in Atlantic City, N. J., and Phyllis Yarwood, of Costa Mesa.

## DEPT. OF MOTOR VEHICLES WANTS EXAMINERS

State employment for men in newly authorized positions as driver's license examiners in the Department of Motor Vehicles will become available this fall in branch offices spread all over the State.

Paul Mason, Director of Motor Vehicles, pointed out that "the examiner's position is the entering level in a career service in which opportunities for promotion are good. The work is interesting and challenging." Appointments will be made after a civil service examination to be held in August.

"Applications for the examination must be filed on or before July 26, Mason stated. Information about the jobs, requirements for applicants, and the necessary forms to be filed are now available from all offices of the Department of Motor Vehicles."

Local office of the Department is located at 7787 University Ave. in La Mesa.

Mason said the Department has been under a constantly increasing workload in processing driver tests, and that a substantial increase in the examining staff has been authorized in the 1957-58 State budget, as a necessary step in implementing California's traffic safety program.

George Reinert, Motor Vehicle Representative in charge of the La Mesa office, said the announcement of the examination sets forth educational requirements as "equivalent to graduation from college. Substitution of business, professional or military experience in place of the educational requirement is authorized. Salary range for the positions is from \$376 to \$458 per month."

## County Valuations Upped \$108 Millions

The County's 1957-58 assessed valuation is many millions of dollars higher than predicted by Assessor McQuiklen.

The Assessor and Elmer Left, chief of county tax accounting division, (Auditor's Dept.) who figured the total assessed property values, said the new values totaled \$968,466,860—\$108 million higher than last year. These

figures are exclusive of state assessments of public utilities. It is predicted that the new assessed valuations will mean a tax rate per \$100 valuation will be less than 20c over last year's rate of \$1.63 for City of S.D.

T. M. Heggland, chief administrative officer, said he had figured the increased valuation would total \$75 million, and thinks the county rate of \$1.99 will not be raised.

Wait a while before you begin to worry about your tax bill. School taxes will be added, and the total will be more than can be figured at this time.

The nation's best cowboys will rope and ride for \$6,000 in prizes at the San Diego County Sheriff's Relief Association Rodeo to be held Saturday and Sunday, Aug. 3 and 4, as a feature of the Fiesta del Pacifico.

Lt. Tom Isbell of the sponsoring San Diego County Sheriff's Relief Association said 150 or more of the top riders and ropers in the country would compete in the rodeo, a world championship rodeo sanctioned by the Rodeo Cowboys of America. He said \$3,000 in prize money would come from entry fees and an additional \$3,000 would be made available by the Relief Association.

The rodeo will be held at Lane Field at 8 p.m. Saturday and 2 p.m. Sunday.

All proceeds will go to the San Diego County Sheriff's Relief Association for use as benefits to sheriff's officers and their families in event of illness, accidents and the like.

Isbell said more than \$30,000 cowboys in the world will be competing for prize money.

"This will be one of the finest rodeos in the country," Isbell commented. "Some of the best in fancy saddles and trappings would be on view in the grand entry each day of the rodeo."

He said events will include saddle bronco riding, bareback bron-

co riding, brahma bull riding, calf roping, team roping and steer wrestling.

"Traditionally rodeos have always been major features of California's festivals, and we think our will be one of the most popular events during San Diego's Fiesta."

Tickets may be purchased now from any Deputy Sheriff of the Fiesta office in Balboa Park and from the Lane Field box office or from the office of the Lemon Grove Review, beginning July 27.

Ticket prices are: Children 75c; general admission \$1.50; reserved grandstand, \$2.25, and reserved boxes \$3.00.

## Extra Court Authorized

The Governor has signed a bill, introduced by Assemblyman George Crawford, increasing S.D. Municipal Courts from eight to nine. The bill increases the wages of clerks and marshals.

The Governor also has before him a bill to increase San Diego Superior Courts from 10 to 13. (Number 13 will be left out, and jump to 14 on the door.)

Under the Municipal Court bill pay of the court clerk and the marshal, appointed by the judges, will be raised from their present \$750 a month to \$950. The chief clerks of divisions and the deputy marshal will be paid \$750 a mo. Their wages now vary from \$465 to \$590.

## Fair End Brings Flurry Of Local Award Winners

With the ending of the Southern California 1957 Exposition and County Fair, considered by many visitors as the very best fair we ever had, the Lemon Grove 4-H Club members got busy on their reports.

On checking over the list of awards furnished by the Publicity Department of the Fair, we find that we omitted mention of Sewing exhibits in Home Economics, in which Sandra Shipe, a new member of the club received one 1st place, two second places and one third place ribbons, blue, red and white respectively.

Loraine Lukas got one second place award for sewing. She also got ribbons from other exhibits and received a \$400 scholarship at Davis.

We understand from other sources that the boys are casting sheep's eyes in the direction of girls who won ribbons in the cooked food and preserves departments, with sewing included in the inventory.

Lemon Grove 4-H Club received 2nd place award on their Feature Exhibit Booth and won the award "Safety for All Through 4-H". They also won the Perpetual Barn Trophy for the second time, and will keep it until next Fair time. If they are able to win it one more time it will be theirs for keeps.

It required eight members, four hour shifts, on duty 10 hours daily for ten days, to win this perpetual trophy, (in memory of

John Dahl, La Mesa, donor). Five girls and three boys composed the barn crew, kept the stalls clean and aisles swept up, fed the stock, including that of members unable to be on hand at feeding time.

The young folks (girls) who stayed on duty were chaperoned by Mrs. Bert Cosby, aided by other Lemon Grove ladies. The girls had quarters in the dormitory, at the cafeteria, had fried chicken three times, pronounced the food excellent, all this for \$15 for ten days.

Bert Cosby and Bob Knapp and other gents chaperoned the boys.

A word of commendation is due the Assistant Leader of Lemon Grove 4-H Club and Farm Advisors David W. Hinshaw and Robert W. McNulty, whose guidance of the 4-H program contributed largely to the success of Club members at the Fair. The Farm Advisors' counsel and attendance at Club meetings kept the kids' interest at a high pitch.

Mrs. Cosby gave unstintingly of her time, spent the whole ten days at the Fair keeping the kids on their toes. She was born in Imperial Valley, near Signal Mountain, which is almost on the line between California and Mexico (she says jokingly that she is part Mexican), but her parents moved to El Centro when Mrs. C. was a baby and she claims "city" raising. She was chosen Assistant Leader of the club three years ago, and this year had entire charge, due to the illness of Mrs. Bob Knapp, Leader, who is kept pretty close to home by doctor's orders.

We of this newspaper staff are proud of our 4-H Club, and appreciate to the full the hard work done by the members to make the exhibits and projects a success.

## Family Visits Brumleys To Cool Off

Finding the heat in Houston, Texas, somewhat oppressive, Mrs. Martha Lee Howard and son Michael hopped a plane to Los Angeles, where she joined her sister, Mrs. Mary D. Stillwell and little daughter, Janyce, and came down to Lemon Grove to visit their parents and grandparents, Mr. and Mrs. Dee Brumley of 3618 Pearson. They arrived here Wednesday.

## Cdr. Putnam Attending Navy Officers' Seminar

Cdr. Dwight Putnam, 3055 Crane St., is attending the third annual national Naval Reserve Officers' seminar Monday through Saturday on the Marquette University campus in Milwaukee, Wis. About 250 administrators from 92 reserve officers' schools are enrolled in the seminar.

## Librarian Named For Mt. Miguel

The drive for books for the new Mt. Miguel High School library is going strong, according to Mrs. Eileen Smith, who is in charge of the drive. She reported last week that to date there has been a half-ton truck load of books collected. Of course the books will have to be sorted and

the undesirables discarded. But more and more books are needed, and should any of you folks have books that you could donate toward the library, call Mrs. Smith at HO 6-2809 and the books will be collected.

Mt. Miguel High School principal Mel Grant said last week that the school's initial librarian has been secured. She is Miss Jeanette Wittich, currently from Red Wing, Minnesota. She and her

brother, Eddie, who is living temporarily in El Cajon. She has been thinking seriously of building a home in the Lemon Grove area. She was librarian at the Red Wing High School.

**July STENT PRAYER HEALS**  
**Y SERMON EXPLAINS**  
 Stent prayer, based on the  
 understanding of God,  
 the key to health and freedom.  
 This thought is brought out  
 strongly in the Lesson-Sermon in  
 all Christian Science churches  
 this Sunday.

Keynoting the lesson on "Sac-  
 rament" is the Golden Text from  
 Matthew (6:6), "Thou, when thou  
 prayest, enter into thy closet,  
 and when thou hast shut thy  
 door, pray to thy Father which  
 is in secret; and thy Father which  
 seeth in secret shall reward thee  
 openly."

## AIR CONDITION

AND HAVE A HEALTHIER, HAPPIER HOME!

Modern electric air conditioning helps you to feel better, sleep better, live better all year 'round.  
 Air conditioning controls the temperature and cleans the air, too... filters out dirt, dust, and irritating pollens... dehumidifies... ventilates... even helps to cut down on noise.  
 Talk with your dealer or specialist about home air conditioning. Choose central air conditioning for your entire home... or room air conditioning for your most lived-in areas. And remember—  
 all-weather air conditioning permits you to dial the weather you want, all year 'round... cool in summer, warm in winter.

JOE LITTLEFIELD

Joe Littlefield, one of America's foremost garden authorities will give a talk and conduct a question and answer clinic on home gardening at Mason Feed & Garden Supply Center, 8280 Broadway, Lemon Grove at 3:00 p.m. Friday, July 26th. The public is cordially invited to attend this free lecture.

In both his lectures, and the articles he contributes to leading garden magazines, Joe Littlefield reveals a lively and enthusiastic personality. He is widely known for his sincere interest in the problems of home gardeners, as well as for the refreshing informality of his talks.

A "dirt-under-the-fingernails" gardener for over twenty-five years, his approach to gardening is practical and down-to-earth. "You don't have to be born with a green thumb," he maintains. "Learn the comparatively few fundamentals of good gardening, follow through on them conscientiously, and you're almost bound to get green thumb results."

#### TRINITY CHOIR OFF TO PALISADES

The Mariners Club will have a swim party at Andy's Acres, 2850 Helix St., Spring Valley, Friday at 5 p.m.

The Trinity Clippers Club will have a box supper in Fellowship Hall at 6:30 Saturday.

#### Dimmer View (Continued)

Clapham took a deep breath. "The winner," he announced, "is Frenchy Faucher."

There was a long silence. People milled around the winner. He looked bewildered and uncertain. Lady Luck had come for the first time to Frenchy Faucher. She couldn't have visited a guy who was more deserving because he had worked harder than any for the success of the raffle.

Immediately the carping began. How could an official win the raffle event he headed up? How about the rule that eliminates members of the firm, the advertising agency and members of their family?

Faucher immediately earmarked \$100 of his prize for the Association. That was a generous gesture, one that was not required of him. But he volunteered to do it.

This week he is at his position in the local postoffice, the most public place in town, on the sharp end of innumerable needlings. It shouldn't be thus.

The drawing was fair, it was honest.

I think maybe some of us ought to go by the post office and shake Frenchy by the hand and congratulate him on his good fortune on winning the car. I'm glad it was won by him. I'm glad it stays in Lemon Grove. It could have been won by some fat rodeo-bound Texan just passing through.

Not only that if you didn't buy a ticket, you've got no grouse. If you did, you've broken the law. State Penal Code Sections 319-326 says that anyone buying or selling or taking part in a game

#### Shakespeare To Get Workout At Old Globe

William Shakespeare's powerful and dramatic story of "King Lear" will open the 8th Annual San Diego National Shakespeare Festival at the Old Globe Theatre in Balboa Park Friday. Curtain time is scheduled for 8:30 p.m., preceded by the traditional Olde English Country Fair on the theatre green beginning at 8 p.m.

Directed by Allen Fletcher, "King Lear" will play July 19, 20 and 21 and then give way to B. Iden Payne's production of "The Tempest." This farcical comedy, which was Shakespeare's last complete play, will hold the stage of the Globe Theatre July 22, 23 and 24 and then be replaced by "Knight of the Burning Pestle," a hilarious and satirical comedy by the Elizabethan playwright, Francis Beaumont. It will be directed by Craig Noel and play July 25, 26 and 27.

of chance, a lottery or a raffle in which money is a consideration for winning or sharing, may be convicted of committing a misdemeanor and be subject to a fine of up to \$500 and or 6 months in the county jail.

So let's all of us lawbreakers go down and tell ole Frenchy we're glad he won.

One of our town's citizens, Cmdr. (USN Ret.) James Yeo

was host to four friends on July 4 four years ago. They had a patio party complete with fried chicken and non-alcoholic drinks. There the group had a quiet party safe from the dangers of traffic and hangover.

"We'll do it every year," Yeo announced. "We'll get some other guys who feel the same way about holiday safety and have an outing every Independence Day." For the benefit of those involv-

ed in a traffic snarl on Skyline on July 4, it was induced by more than fifty persons converging on the Yeo's home at number 1727, all bent on avoiding getting snarled in holiday traffic.

Fifty is the bewitching number! This is the number which cropped up in the Red Cross backyard safety program being conducted on a semi-hush basis throughout the coun-

ty. Trouble, it appears, isn't getting swimming pools in Lemon Grove because so many residents have 'em. Greatest shortage is qualified instructors.

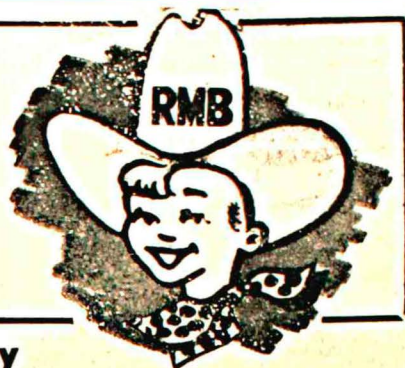

Ken Preist, the local beauty shop tycoon who lives on 1715 Englewood Drive in Monterey Heights, located a good instructor for the Red Cross and supplied them with his king-sized, heated pool. What the Red Cross didn't

know is that Priest was also supplying them with learners. Priest had told some of his cronies about the progress, told them to send their kiddies over.

When fifty youngsters who turned up Monday it forced the instructor to set up a schedule of three periods a day, three days a week.

A half hour program one day a week is nearer to what the Red Cross had in mind.

## THINGS DOIN' & BREWIN'

### About Civic Center

By DICK HENDERSON

The Board of Supervisors had the largest audience of visitors on Tuesday it has been our pleasure to see and admire since the re-vamping.

Ladies and gentlemen from the vicinity of Vista were much in evidence, and some of the ladies had plenty to say about the Planning Commish. Sewers were the main dish in the controversy, and Dr. Willis Miller wore the end off the pointer on a map stuck on the electric board.

Seems like the sewer lines were changed after the district was okayed, and a school is now under construction, to be completed by September, but a chunk of vacant land with newcoming owners, want to get in on the deal. One lady, who said she didn't want to hold up construction, 'cause her little girl goes to school, but she objected to the set up.

The whole proposal was referred to the planning commish for decision.

Time was appointed at 11 for

and appearances in Darryl St. et al. Lemon Grove, 1911 Act incorporated Act. Area 46, the Board put its official ok on the papers.

Hearing on the appeal of Virginia Malcolm, M.D. from the Planning Commission's recommendation for denial of her application for reclassification from R1 to C of property in Lakeside section (in Winter Gardens area,) was a number of persons in the audience spoke in favor, as Dr. Malcolm whose office was formerly in Lemon Grove desires to have an office on her land, not a commercial proposition. She wants to grow up with the community, take care of the kids attending the nearby school. Doctors are scarce in Lakeside. So the Commish will take another crack at the proposition.

The Winterhaven Gardens Civic Council recommended approval.

**Welfare Matters**  
Letter from County Supervisors Association of California stating that the Senate-House Joint Conference Committee of HR 6278 has restored the open-end

feature on the federal matching funds for state and local administrative costs for public assistance for the 1957-58 fiscal year, which action assures California that the federal government will continue to appropriate sufficient funds to meet its obligation of paying 50% of the administrative costs of the existing welfare programs as well as administrative costs for the new medical services program and disabled aid program.

#### Departmental Matters

The Director of Public Health submits and recommends approval and execution of Agreements with 29 school districts and agreement with the Superintendent of Schools for nursing service during the 1957-58 school year. (Approved by County Counsel).

Letter from John E. Waters, D.D.S., Chairman, Citizens Pure Water Committee of San Diego, expressing that committee's objection to the "City-County Health Officer's campaign to fluoridate the community water supply."

Letter from the Board of Fire Commissioners of the Spring Valley Fire Protection District trans-

mitting a copy of the District's 1957-58 Budget. (Budget sent to the Auditor and Controller.)

#### Public Works—Signs not Allowed

Letter from the Recreation Director, Moonlight Beach Teen Center, Encinitas, requesting permission for placing of 7-up Company signs in the cafe and Teen Center.

Letter from the Director of Parks and Recreation recommending that the request be denied, as there is a State constitutional provision which prevents a public agency from devoting public property to a private use; and stating that if advertising were permitted in the County Parks system, the Board would be overwhelmed with requests.

#### Miscellaneous Unclassified

Letter from the Security Title Company stating that it is in process of microfilming its records and those of various City, County and States offices whose records relate to title matters, and requesting the Board's authorization to microfilm the maps and indices in the office of the Surveyor and Road Commission-

er, at his convenience and under any supervision he may deem necessary.

#### Road Matters

Petition signed by H. C. Good and 31 others objecting to the accumulation of dust and dirt left on Waite Drive, Front Street and King Street, in Lemon Grove, by John Raglin, excavator; requesting the immediate removal by the excavator, the contractor of the subdivision owner of the dirt and dust; and requesting that said streets be restored to the condition they were in prior to the commencement of the subdivision.

Letters from the State Division of Highways relinquishing Rights of Way 6697 and 6698 covering a portion of Federal Boulevard east of Euclid Avenue and 20 parcels of highway frontage and road connections between College Ave. and Campo Road under Free-way Contract on Road XI-SD-200-A.

L.G. Review—July 4, 11 & 18, 1957.

Resolution Declaring Intention to Lease Real Property Belonging to the Grossmont Union High School District and Notice Inviting Bids to Lease Same.

WHEREAS, the Grossmont Union High School District, San Diego County, California, is now the owner of the following described real property: All that portion of Lot 12 of the RANCHO MISSION of San Diego, in the County of San Diego, State of California, according to Partition Map thereof on file in the office of the County Clerk of San Diego County, and as shown and delineated on Record of Survey Map No. 4141, filed in the office of the County Recorder of said County on January 9, 1957, described as follows:

WHEREAS, the above described property is not and will not at the time of delivery of possession be needed for classroom buildings by said District, NOW THEREFORE, BE IT RESOLVED that it is in the judgment of this board for the best interests of said District that said property be leased, and said board hereby declares its intention to lease the same to the highest responsible bidder, subject to the following terms and conditions:

This lease shall be for a term commencing September 1, 1957, and terminating on September 1, 1962.

The rental price shall be payable on the 1st of September of each year.

Lessee shall not sublet all or any part of said premises without the consent in writing of Lessor.

No use nor change of use of said real property shall be made by Lessee without first obtaining the written approval from the Governing Board of the said School District for said use or change of use of said real property. ## Midget Project Cacks-Out When Main-Spring ... Or Something ... Goes Astray

Parade goers who watched Saturday's rodeo parade at Lemon Grove missed a feature which many came especially to see. Robert L. Brownie "Brownie" didn't have his newest micro midget racer ready to enter.

For the enlightenment of the non-racing readers, a Micro is a combination of burro and jet propelled washing machine, with a speed variously rated at somewhere short of Mach 10. At various tracks it has been hailed by builder-drivers as the greatest gift buggy since the wheel came into vogue, down to an invention of Old Nick himself by competitors, halfway between a quarter racer (such as was seen in the parade Saturday) and the big jobs you'd see at Indianapolis. ## Happy Birthday, Coach!

"Happy Birthday, Coach," was the strains wafted upon the Sunday afternoon air at the Little League Ball Park when 15 members of the Lemon Grove Angels gathered around coach Jim Massey to help him mark his xx birthday.

## BAPTISTS PUTTING FINISHING TOUCHES ON SCHOOL KITCHEN

The members of the First Baptist Church of Lemon Grove are donating their time and efforts to furnish the large convenient kitchen on the first floor of the Educational unit. Permits have been obtained and funds derived from the sale of church bonds are sufficient now to carry on the completion of cabinets, plastering and furnishings to help make it suitable for preparation of socials and church banquets.

Another advancement for the church is the expectation of a P.A. system which will be installed in the next few weeks to help take care of overflow attendance on Sunday morning. Space is now available in the Sunday School departments to take care of 600 people. Three well equipped nurseries will accommodate 60 youngsters.

ing completed and will be shown on October 15, the same time tickets go on sale. Forrest Baxter is making the case and Jewel Carmody and Emily Cornelius are dressing the doll. As before, her habiliments will be 5 and 10 dollar bills.

BWL now has 64 paid up members. New members include Patricia Hutchinson, Jewel Carmody, Emily Cornelius, Martha Owens, Shirley Thompson and Rosemary McLaughlin.
